Lynn - Thank you for meeting with EPA and the USACE and its contractors to work out the transfer of the mining permits for the Lime Peak Quarry. Joe Shields summarized the meeting and responses to our questions. Hopefully, we captured the answers correctly. We should be submitting the transfer papers shortly and will submit the Large Area permit application soon thereafter. We'll be in touch. Please feel free to contact either Joe Shields or Tom Mathison if there are specific questions regarding the permits.
